

BME1200-A 2 Door Chiller

A new glass door chiller combining SKOPE's revolutionary new ActiveCore technology with a modern frameless aesthetic design. This model provides market leading energy savings along with new features to deliver optimal performance, efficiency and reliability.

Features & Benefits:

Upgraded with SKOPE's revolutionary ActiveCore? refrigeration system, designed for long-life reliability with easy efficient servicing when required Significant energy savings, Uses 35% less energy than the previous B1200G-2 model, saving more than \$266 per year* Premium energy efficient glass using a new low-emissivity, high performance coating technology equivalent to double Low-E performance. Patented easy to install shelf clip and numbered shelf support strip, reduces set up time and enables finer adjustments Significantly reduced noise and improved quality, for a quieter operation Modern frameless glass door design with aluminium trim New slotted back panel design allows chilled airflow for maximum product cooling Ergonomically designed, brushed stainless steel handles for easy access Updated controller with manual light switch and pre-programmed features Available with optional illuminated sign panel Suitable for displaying and storing flowers, chocolates and wine - with an upper control set point at +15°C * Based on 30 cents per kW. Calculated using 4.55 kWh/24hr (TEC), no illuminated sign panel

**Total depth includes 50mm stand-off and 35mm removeable handles. Depth excluding stand off and handles is 758mm.

Product Details:

Model:	BME1200-A
Integral/Remote:	Integral
Chiller/Freezer:	Chiller
Gross Volume:	1079 litres
Total Shelf Area:	3.00
Floor Area:	1.08 m2
Operating Temperature:	+1°C to +4°C in 43°C ambient
Stock Report Heading (Dealer section):	ActiveCore?

Dimensions (mm):

Height:	2013
Width:	1280
Depth:	843
